Fort Knox Safes
First time in 10 years

June 15th until July 15th
every new safe that is ordered
has the option of a FREE
electronic lock and a handle
upgrade!

That is \$190 discount to your
customers for purchasing a safe.

Defenders and Protectors have the
option of a 5 spoke handle upgrade
and all others have the option of a
Western Handle. Even the Maverick
could have a 3 spoke handle
upgrade!

There will be no credit in lieu of
promotional upgrades nor will there
be any retro fit kits or handle
upgrades sent out for existing
safes.

Shooting Tip of the Month:

Bring plenty of water,
even in the shade it is
easy to de-hydrate in our
desert heat

Pistol of the Month:

AMT Automag III

The AMT Automag III is a large single action semi-automatic stainless steel handgun. The AMT Automag III was built by Harry Sanford, who also invented the .44 Auto Mag. Built by AMT (Arcadia Machine and Tool) in the late 1990s to shoot the .30 carbine cartridge originally designed for the M1 carbine. The Automag III is the first pistol to chamber the .30 carbine. The AMT Automag III has an eight shot magazine. The AMT Automag III has a manual, slide mounted safety. The AMT Automag III weighs 2.2 pounds and has a 6.5 inch barrel
